Volume 1 , Issue 1  
March 2012

### President's Report

### DISTRICT 19

### 2012 OFFICERS

**Ray Mitchell**

Take a look at this. The Gavel Tidings is back in business, thanks to our new editor, member Fred Goodwin. Fred is Past Commodore of Bridge Marina YC and Staff Commodore of PICYA. This is the first issue we have had in some time and all of us are looking forward to working with Fred to get it out to you quarterly. For some time, you have had to rely on my e-mails information on what is going on, now you can read it. But be forewarned, you are still going to get urgent information from me by e-mail. Remember, this is your news letter and it depends on all of us for its content. If you have an important notice, an amusing story or anything that you want to share with your fellow members, please send it to Fred and he will get it in the next issue. If it is urgent, get it to me and I will send out an e-mail.

And there is even more good news. New member Roger Beebe of Village West YC is taking on the position of Webmaster. For right now, it will just be updated, but I'm sure Roger will be making improvements as he moves forward. Welcome aboard Roger and many thanks to both Fred and Roger for step-

ping up to keep all of us informed and up to date.

Our meeting on the 19<sup>th</sup> was a huge success. We had 71 in attendance. District 14 joined us and together, we welcomed eleven new members

You will also see a new face as on our Board of Directors. New member Sandee Clark has

stepped up to assume the position of District Treasurer. She is excited about the position and I am sure she will be an outstanding addition to both the Board and District.

There are still a couple of events on our Calendar that need to be firmed up. I will keep you updated by e-mail. We have some fun stuff happening and I hope you can join in.

Towards the end of last month, I sent out an e-mail regarding Department of Boating and Waterways (DBW). Previously I've forwarded information about the proposed tunnel and diverting of Sacramento River water to Southern California. These are important matters to all of us. Please take the time to make your voice heard. Together, we can make a difference.

That is about it for now, I'm looking forward to seeing you at our next event, our May Cruise out to Marina West YC. You can Cruise in, RV in, rent a Cabin or Campsite or just Day Trip it, Any way you choose, just come and visit.
